

Millennia Education Institute

2019

HEMODIALYSIS TECHNICIAN TRAINING PROGRAM INFORMATION

ABOUT US:

Millennia Education institution was established in 2001, our aim is to provide comprehensive training for Hemodialysis technicians. The training program for RN's and CHT's (Certificated Hemodialysis Technicians) include lecture and clinical training.

MEI is a private institution approved to operate by the California Bureau for Private Postsecondary Education. Approval to operate means the institution is compliant with the minimum standards contained in the California Private Postsecondary Education Act of 2009(as amended) and vision 7.5 of Title 5 of the California code of Regulations.

For more information, please visit BPPE website at <http://www.bppe.ca.gov/>.

COURSE OBJECTIVES:

- 1 Correlates normal renal physiology with the pathophysiology of acute and chronic renal failure.
- 2 Identify critical components of nursing care for the dialysis patient.
- 3 Demonstrate knowledge of the relationship between clinical manifestations and underlying psychosocial or pathophysical status of the renal failure patient.
- 4 Delivers a safe and efficient hemodialysis treatment to an acute and/or chronic renal failure patient.
- 5 Demonstrate ability to teach patient self-care regardless of treatment modality utilizing the principles of adult education.
- 6 Answer key questions relating to each of the major topics discussed during the course.
- 7 Formulate individual patient care plan utilizing nursing diagnosis.
- 8 Provides clinical training.
